

VANDANA

React.js Frontend Developer

Panchkula, India | [+91-9781910246](tel:+91-9781910246) | vandanakashyap674@gmail.com | linkedin.com/in/vandana-rajput11 | github.com/Vandanarajput

PROFESSIONAL SUMMARY

Frontend Developer with 1.5 years of experience (including internship) building responsive, component-based web applications using React.js, JavaScript (ES6+), HTML5, CSS3, and Tailwind CSS. Skilled in React Hooks for state management, integrating REST APIs, and writing reusable UI components. Experienced in debugging, performance improvements, and delivering features within Agile teams using Git and GitHub.

EXPERIENCE

Associate Software Developer

Jun 2025 – Present

Techsapphire Solutions Pvt. Ltd.

- Primary frontend developer on two in-house web products — a SQL client web application and an offline-capable PDF reading and note-taking application — built with React.js, JavaScript, and Tailwind CSS.
- Build reusable React components, custom Hooks, and forms; integrate REST APIs for data fetching, authentication, and updates.
- Manage application state using Redux and React Context; implement client-side routing and role-based UI access.
- Improved product stability by adding unit tests for UI and application logic, reducing the open bug backlog by ~60%.
- Collaborate with developers and QA on a cross-platform Point of Sale application (Android and Windows), building shared UI modules and coordinating feature scope in an Agile environment.
- Contribute to a company desktop browser product with additional in-app features (secondary responsibility).
- Use Git and GitHub for version control, branching, and collaborative code reviews.

Full Stack Java Developer – Intern

Jan 2025 – Jul 2025 · 6 mo

PiSoft Informatics Pvt. Ltd.

- Built end-to-end applications using Core Java, Spring Boot, Hibernate, and MySQL.
- Practiced debugging and root-cause analysis across the application stack, strengthening core problem-solving fundamentals.

Mobile App Development & Testing – Intern

Oct 2024 – Dec 2024 · 3 mo

Lending Buddha

- Supported mobile application testing and debugging, gaining exposure to UI quality assurance and the app delivery lifecycle.
- Reported and tracked bugs through the QA cycle, working with the team to verify fixes ahead of release.

PROJECTS

SQL Client Web Application *(Proprietary – Techsapphire)* React.js · JavaScript · Tailwind CSS · REST APIs

- Built dashboards, data tables, forms, and modal dialogs for a web-based SQL client using React.js and Tailwind CSS.
- Implemented query result rendering, tab management, and data visualization widgets with reusable, component-based architecture.
- Wrote custom Hooks for data fetching, refresh, and keyboard shortcuts; added unit tests for critical UI logic.

PDF Reading & Note-Taking Web App *(Proprietary – Techsapphire) React.js · JavaScript · Tailwind CSS · REST APIs*

- Built the split-pane UI (PDF viewer + note workspace) with highlighting, image extraction, and a rich-text notes editor.
- Implemented backup and restore, project management screens, document upload, and responsive layouts for desktop and tablet.
- Delivered offline-capable features with local storage and multi-project support for a smoother user experience.

ShopSphere – MERN E-Commerce Platform *React.js · Redux Toolkit · Node.js · Express · MongoDB · JWT · Tailwind CSS*

- Built a full-stack e-commerce web app covering the complete customer journey — browsing, cart, wishlist, checkout, and order tracking — plus a full admin panel for products and orders.
- Implemented JWT authentication with role-based access (customer / admin), multi-address checkout, and order status tracking with a visual stepper.
- Developed the backend with Node.js, Express, and MongoDB (Mongoose); built REST APIs for products, cart, orders, reviews, and users.
- Added product image uploads (up to 5 images), search and filters, and responsive UI with Tailwind CSS.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), HTML5, CSS3, Core Java, SQL

Frontend: React.js, React Hooks, Vue.js, Tailwind CSS, Bootstrap, Responsive Web Design

Other Frameworks: Spring Boot, Hibernate

Tools: Git, GitHub, VS Code, Postman, npm, Chrome DevTools

Concepts: Component-Based Architecture, State Management, REST API Integration, Debugging, Performance Optimization, Agile / Scrum

Soft Skills: Team Collaboration, Communication, Problem-Solving, Time Management

EDUCATION

MCA – Mata Gujri College, Fatehgarh Sahib (CGPA: 9.0/10), 2023–2025

BCA – Punjabi University, Patiala (85%), 2020–2023
